11) Ramakrishna Jois is working in ~~the~~ inferior service and is not an approved candidate, his appointment as Cattle Shed Clerk in preference to an approved candidate awaiting employment cannot, therefore, be accepted under the rules Further it is not known how Rangaswami, an unqualified person, was appointed as Cattle Shed Clerk

12) The proposals of the President involve financial implications and they are to be considered first by the Financial Secretariat But, in view of the circumstances stated by the Municipal President, Ramakrishna Jois may be appointed as Cattle Shed Clerk against a general vacancy as a special case if the proposal is sanctioned by Government and Rangaswamy may also be transferred to the post of Compost Maistry which may be treated as superior service so long as he holds this post

13) In my opinion, it is not necessary to issue a general order to classify the posts of Maistries as superior service Apart from personal considerations, I doubt whether the natur of work is such as to treat the posts of Maistries as superio service

Sir,

I have the honour to state that certain O O D arrangements are in vogue in the Municipal Sewage Farm from a long time, as noted in the margin* With a view to discontinue these arrangements as they are irregular and to provide for efficiency the Health Officer submitted a detailed note dated 22nd June 1944, making certain specific proposals (vide copy of note enclosed)

Name of official	Designation & pay	Place in which he is working.
(1) Rangasami (Illiterate)	Cattle Shed Clerk on Rs 20/-	Compost Sec as Maistry
(2) Ramakrishna Jois (S S L C)	Cattle Shed Maistry on Rs 15	Cattle Shed clerk
(3) Dhamaji	Compost maistry on Rs 15/-	Working in Workshop

Note
(The ~~xxxx~~ present proposals are to revise the pay of compost maistry to Rs 20/- and post Sl No 1 Rangaswami to this post) (2) to post Ramakrishna Jois as Cattle Shed Clerk on Rs 20/- Vice No (1) (3) to transfer Dhamaji, as Cattle Shed maistry on Rs 15/- Vice No 2

The Health Committee considered this note at their meeting held on 23rd June 1944, and recommended the same to the Council, with certain modifications, viz (1) to raise the pay of the compost maistry from Rs 15/- to Rs 20/-, (2) to appoint one Ramakrishna Jois as Cattle Shed clerk on Rs.20/- as he is actually doing the clerical work, though designated as maistry The proposal for the improvement of the workshop, was also approved

When the Health Officer's note, with the resolution of the Health Committee came up before the Council meeting held on 29th July, 1944, the Council approved the recommendations regarding the Septic Tank and Compost and referred the proposals regarding cattle shed and the workshop to the Managing Committee

The Health Officer forwarded a further note dated 13th October, 1944, for consideration of the Managing Committee, at their meeting held on 14th October 1944, and the same was approved by them (vide Copy of note and Managing Committee resolution enclosed) But when the subject came up for discussion at the Council meeting, proposals No (1) regarding the grant of an allowance to the seniormost driver, was not approved but the other proposals regarding the cattle shed clerk compost maistry etc , were approved

In enclosing herewith a copy of Council resolution No 300 dated 28th October 1944, I request you to be so good as to obtain sanction of Government, to the following

(1) Raising the pay of the compost maistry from Rs 15/- to Rs 20

(2) The appointment of one Ramakrishna Jois as Cattle shed clerk on Rs 20/- which work he is actually doing though designated as maistry and getting-only a pay of Rs 15Ø=(Fifteen)

The above proposals involve a small extra cost of Rs 5/- per mensem and will be met out of the provision in the Health Budget E2c -Cattle Shed

Note dated 22nd June 1944 submitted by the Health Officer

I have the honour to place before you the following facts for favour of your kind information, approval and orders

A large number of persons are working in several section of the Health Department in the Sewage Farm and elsewhere as summarised belo (vide details given in the enclosed statement)

I	Septic tank	12 persons on Rs 10/- each	12/-
II	Compost (Temp)	4 on Rs 7/- each 4 on Rs 6/- each	8/-
III	Compost (permanent) One Asst Manager on Rs 40-2-50		1
	Ore maistry on Rs 15/-		1
	10 Gargmen on Rs 12/- each		10
			12
IV	Cattle shed		
	One clerk on Rs 20/-		1
	One Maistry on Rs 15/-		1
	8 Gangmen on Rs 10/-		8
			10
V	Workshop		
	1 Carpenter on Rs 25+5		1
	1 Blacksmith on Rs 25+5		1
	1 Hammerboy on Rs 10+5		1
			3
VI	Sweepers drawn from different Mohallas for doing Farm work like cutting grass etc		10

After a careful study of the work entrusted to them ard the work actually done by them, it is felt that the distribution of work is not very happy as more persons are shown against the work requiring less rumber of hands Hence the following arrangements are suggested in the interest of efficiency of work at a minimum cost to the Municipality for favour of your approval

I Septic tank (1) This is a temporary gang at present, the continuance of the gang being sanctioned every six months As this gang is doing ~~an~~ an important work which canrot be avoided, it is felt desirable that this gang should be made permanent very early Till this is settled, sanction may be accorded to continue the gang for six months more (from 1-7-1944)

II Out of the 12 Gangmen, six would be sufficient to attend to the septic tank The remaining six have already been posted to attend to all the main drains of the city for removing the silt

(iii) The dearness allowance of the gangmen may kindly be raised from Re 1-8-0 to Rs 3-8-0 considering the nature of their hard work This would work out to a small sum of Rs 288/- per year.

II Compost (Temporary)

All the 4 females now employed in this section may be absorbed by the Manager for his Farm work and 4 males may be appointed in their place All the 8 persons of this gang may be posted purely for compost work

III Compost (Permanent)

(i) One Asst Manager may be appointed preferably a Science Graduate or an L A G on Ps 40-2-50/- in the existing vacancy to be in charge of compost and septic tank

(ii) The Maistry of the Section one Dhannaji is now working in the workshop as an Assistant He should be reverted to compost sec and transferred to Cattle shed vice Maistry Rangaswamy ~~and transx -fd~~ on the same pay

(iii) The 10 gahgmen, instead of working in the compost section may be posted to attend to the box drains of the city for the removal of silt (as is done now in case of open dramns)

(IV) Rangaswamy, a person without qualification appointed as a ~~c~~ clerk in the Cattle shed establishment, but working as a maistry in the compost section should be given the pay of the maistry ~~viz~~ Rs 15/- and posted to compost section as maistry in place of Dhannaji (to be transferred to cattle shed)

IV Cattle shed (1) Clerk Rangaswamy (with no qualification) may be posted to Compost section as maistry as he is already working there as a maistry vide details giver above

(ii) Maistry Ramakrishna Jois, on Rs 15/- but actually doing the work of a clerk may be given the pay of the clerk, viz , Rs 20 in place of Rangaswamy -

(iii) Maistry Dhannaji has to be transferred from Compost sec to Cattle shed

(iv) All the 8 gangmen of the cattleshed must be actually working in the cattle shed and not elsewhere

V Workshop

(1) Maistry Dhannaji doing the work of an Assistant should be transferred to cattle shed

(ii)The vacant place of hammerboy on Rs 10/-+5/- should be filled up immediately

(iii) It is observed that the work turned out by the workshop establishment is extremely unsatisfactory, as there is no proper supervision over the staff The Farm Manager is very busy in the Farm itself and should not be expected to supervise the work of the workshop Further it would be very desirable to have a whole-time skilled mechanic to be in charge of the workshop as a Foreman to attend ~~to~~ to all the petty repairs of Municipal Motor lorries, and to supervise and give technical advise for repairing rubbish and nightsoil carts etc , in the workshop This would not only improve the quality and efficiency of work, but also would enable the workshop people to return all the repaired carts in time to different Mohallas In addition all the repairing charges of the Municipal lorries through private firms would also be saved For instance, one Diesel oil Engine lorry of the Health Department, was recently repaired in the office itself for which any private company would have easily charged Rs 250/- In this connection, I would very strongly recommend the senior lorry driver S S Raju now getting Rs 50/- may be posted as Foreman and started on Rs 60/- in the grade 60-4-80 This extra cost involved would be absolutely nothing before the amount that could be saved from all the petty repairs of the lorry every month

VI Sweepers drawn from Mohallas for Farm work

All the 10 sweepers now working in the Farm should be returned to the Health Office for being formed into a mobile gang for doing sanitary work in the city

Sir,

With reference to your letter No L 7454 dated 25th December 1944 calling for further particulars regarding certain arrangements made in the Municipal Sewage Farm, I have the honour to state as follows -

1 There are no other posts in the Municipal Farm, where such O O D arrangements are in vogue

2 The nature of the service of Ramakrishna Jois is inferior and he is a passed S S L C candidate

3 He has put in an inferior service of seven years and 3 months

4 The necessity to revise the pay of the post is to see that the pay of Rangaswami, who is drawing Rs20/- from a very long time is not reduced after discontinuing the O O D arrangements

5 The appointment of the cattleshed clerk on Rs 20 comes under the operation of the C R B Rules, as it belongs to the superior service

6 The qualifications of these persons are as noted below and they possess the required qualificatior for which they are proposed

The President, Mysore city Hall

a Qualification of Ramakrishna Jois is S.S.L.C.
b Qualification of Rangaswamy is Practical knowledge of Compost manufacture
c Qualification of Dhanaji is practical knowledge of taking care and management of cattle

The transfer of Ramakrishna Jois from inferior to superior service requires special sanction, and the maistries appointment has also to be classified as superior service as Rangaswamy is proposed to be appointed as such in order to avoid the doing duty system
